WORK EXPERIENCE

CCTV INSTALLATION TRAINEE (OJT) — MANGATAREM
Mangatarem National High School Program — March 2023 - July 2023

- Installed CCTV security systems at high elevation locations (rice mills, utility poles) using coaxial & fiber optic cables.
- Collaborated with a team to ensure proper hardware installation, cable routing, and functionality.

PROJECTS

WEATHER APP (WEB APPLICATION)

- Developed a React-based weather application focused on real-time data fetching.
- Practiced and implemented seamless external API integration to retrieve & display meteorological conditions.

RISKY AI (VOICE-INTERACTIVE AI)

- Engineered a basic voice-interactive AI application using Python.
- Programmed the system to accurately process spoken input & deliver synthesized voice output.
